**PLUTO LNG PROJECT - OFFSHORE DREDGING AND BACKFILL
WOODSIDE 2009 SUSTAINABILITY AWARDS**

Dear Lucas, Robin,

It gives me great pleasure to inform you that on the 18 November, the Pluto Trunkline Dredging Team was awarded the Woodside 2009 Sustainability Award for Environment, and the Chairman's Overall Sustainability Award, out of 31 contenders. The Environment Award was presented for an integrated and coordinated approach, to minimise potential coral mortality from trunkline dredging in Mermaid Sound.

The water quality management measures implemented by the Trunkline Dredging Team and executed by Tideway showcase your commitment to environmental excellence, and these awards are recognition of this outstanding achievement. I wish to thank yourself and all your staff and crew who were involved in the Pluto Trunkline Dredging for the magnificent effort leading to this outcome.

Such high performance can only be produced with dedication to results and alignment of values of all parties involved. It is pleasing to know that success can still be obtained, with the right partnership, even in today's challenging conditions.

Congratulations and well done!

Yours sincerely

WOODSIDE BURRUP PTY. LTD.
